

APNOMS 2011

CALL FOR PARTICIPATION

The 13th Asia-Pacific Network Operations and Management Symposium
"Managing Clouds, Smart Networks and Services."
September 21-23 2011, Taipei, Taiwan
<http://www.apnoms.org/2011/>

General Co-Chairs

Yuan-Kuang Tu (CHT-TL, Taiwan)
James Hong (Pohang Univ. of Science and Tech, Korea)

Honorary General Co-Chairs

Shyue-Ching Lu (CHT, Taiwan)
Si-Chen Lee (National Taiwan Univ., Taiwan)

TPC Co-Chairs

Han-Chieh Chao (National Ilan Univ., Taiwan)
Wang-Cheol Song (Jeju National Univ., Korea)
Marat Zhanikeev (Tokyo Univ. of Science, Japan)

DEP Panelists

Dr. Rong-Syh Lin (CHT, Taiwan)
Dr. Takahara (NTT, Japan)
Dr. Tae-Sang Choi (ETRI, Korea)
Mr. Joel J. Fleck (HP, USA)
Dr. Henry Chang (IBM, USA)

Technical Sessions

- Management in Virtual Environments
- Policy Management
- Traffic Management
- Content Management
- Network Operations Management
- Management Practices and Logistics
- QoS and Performance Management
- Management in New Environments
- Management of Mobile and Wireless Networks
- Smarter Management

Sponsored by

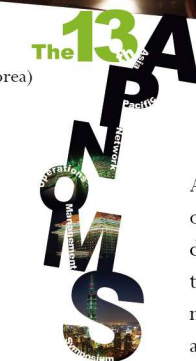

Technically Co-Sponsored by

Platinum Patrons

Bronze Patrons

APNOMS (Asia Pacific Network Operations and Management Symposium) has been a premier conference on network operations and management in the Asia Pacific region. APNOMS meets every year, typically during September and boasts a rich history of successes. It includes a full three-day program of keynotes, tutorials, technical sessions, panel discussions, poster sessions, and exhibits that focus on managing networks that span the computing and telecommunications areas. In particular, APNOMS bring together academic scholars and industrial experts and encourage dialogues between top theoretical studies and technology developments.

APNOMS 2011 is the 13th in the series, following the successful APNOMS'97 (Seoul), APNOMS'98 (Sendai), APNOMS'99 (Kyongju), APNOMS 2000 (Nara), APNOMS 2001 (Sydney), APNOMS 2002 (Jeju), APNOMS 2003 (Fukuoka), APNOMS 2005 (Okinawa), APNOMS 2006 (Busan), APNOMS 2007 (Sapporo), APNOMS 2008 (Beijing), and APNOMS 2009 (Jeju).

APNOMS 2011 will be held in Taipei, Taiwan. We are cordially inviting you join our excellent program.

Keynote speakers

Prof. Si-Chen Lee, President of NTU and president of CIEE
Dr. Yen-Sung Lee, Senior Vice President of CHT
Dr. Seong-Choon Lee, Senior Vice President of Network R&D Lab in KT
Prof. Tomonori Aoyama, Professor of Keio University
Mr. Joel J. Fleck, Chief Architect, Head of Standards, HP Software and Solutions

Tutorial speakers

Dr. Yukio Itoh, NTT Communications. "Disaster Recovery In Backbone Networks"
Dr. Hideaki Kimura, NTT Access Network Service System Lab. "Disaster Recovery In Access Networks"
Dr. Yuji Maeda, NTT Service Integration Lab. "Future Ideal Disaster Recovery"
Prof. Myungsup Kim, Korea University, "Application Traffic Monitoring"
Prof. Yeali Sun, National Taiwan University, "Cloud Application Performance Management"

Special Sessions

Session 1: "Smart network/device service and management"

Chair: TBD
Dr. Yu-Huang Chu, CHT, "Smart Cloud Computing Network Architecture and Services"
Dr. Irene Hsu, Telecordia, "TBD"
Dr. Masayoshi Ohashi, KDDI, "service platform for supporting multi-domain networks and devices".
Director Yeong-il Seo, KT, "Paradigm shift from dumb to smart pipe"

Session 2: "Cloud service and management"

Chair: Prof. Ren-Hung Hwang, National Chung Cheng University, Taiwan
Prof. Ruay-Shiung Chang, NDHU, "Cloud Computing Management: What and How?"
Dr. Tzi-cker Chiueh, ITRI, "TBD"
Ms. Seung-Hee Han, KT, "Security issues and strategies for mobile cloud services"
Dr. Eric Chen, FalconStor, "Intelligent and open networked storage systems for the next-generation computing"

Supported by

TAIPEI

Located where the Asian mainland and the Pacific meet, Taipei has distinctive eastern and western faces and unique tourism charm. From the world's tallest building to the biggest collection of Chinese art, Taipei is an unrivaled city which has the pulse of urban excitement fuses with the beauty of nature and a fascinating contrast with a mix of modern and traditional.

In Taipei, the cultural kaleidoscope showed everywhere. Centuries-old cultural treasures and historic temples will take you back to the city's yesteryear roots with a neon street life of a decidedly more modern era. You can take a trip up the world's fastest elevator to the heights of the world's tallest building—Taipei 101. Within a few minutes away from the heart of the city you can soak away the cares of the world in mineral-rich hot springs nestled in the lush mountain foothills ringing the Taipei Basin and find yourself in the embrace of a volcanic national park. One hour drive will take you to a world away in suburban areas— enjoy spectacular scenery, refresh yourself with Wu-Long tea at an old gold mining town, or experience fine china art and cultural wonders.

And if you just want to get in touch with your inner consumer, the shopping and eating options in Taipei are nearly endless. Taipei has dozens of world-class restaurants where gourmets can sample the best regional Chinese cuisines thanks to the ready availability of fresh farm and sea ingredients of every imaginable type. Whenever you go, tropical fruits and high mountain veggies all thrive in the fertile soil and sunny climate of Taiwan, producing a harvest of top-quality ingredients for equally first-rate cuisine. And for the adventurers, there are plenty of night markets serving up the enormous variety of typical Taiwanese evening snacks. Trying out these snacks, you will be able to learn about different perspective of local food culture and the taste of Taiwan.

Taipei is a multi-faceted treasure that will call you back again and again. Now, it's the time to discover the heart of Asia in beautiful Taipei! It's more than just a conference. It's an adventure, a cultural experience, and a spiritual refreshing process blended with historical landmarks and spectacular sceneries! So plan to join us in Taipei, for your APNOMS 2011!
